Dear Mr. Arnold,

During its April Board Meeting, the Village Community Development District No. 3 Board of Supervisors addressed your letter dated March 11, 2011 in reference to Oak Forest Drive.

In the letter you stated that, "The Board of County Commissioners did not support moving forward at this time with your request due to the time separation between the recently completed multi-modal path and the completion of the traffic signalization warrant study at the intersection of Buena Vista and Talley Ridge Drive (North and South)". After discussion among the Board, they requested I contact you and ask for an appropriate time frame for re-addressing the issues that were presented.

Additionally, the Board is appreciative of county time spent on this subject and requests that Sumter County identify any additional alternatives that may be viable in alleviating the volume and speed of traffic on Oak Forest Drive.

We appreciate your time and consideration of our request.

Sincerely,

A handwritten signature in black ink that reads 'Charles F. Cook'.
